

**Articulation Agreements for,
College and Career Acceleration,**

**Between the District Board of Trustees of the College of Central Florida
and the Citrus County School Board, Florida
2023-2024**

I. Dual Enrollment Articulation Agreement

The Articulation Committee that has negotiated/drafted the agreement include the following:

Citrus County School District – **Marsha Brown**, Counselor, eSchool; **Darrick Buettner**, Director of Secondary Education; **Amy Crowell**, Director of Research and Accountability; **Mary Leonard**, Assistant Principal, Citrus High School; **Cindy Lewis**, Counselor, Citrus; **Trudee Mason**, Counselor, Crystal River High School; **Shawyn Newman**, Assistant Principal, Lecanto High School; **Tara Pearcey**, Assistant to Director of Secondary Education; **Jennifer Story**, Coordinator, Research and Accountability; **Sandy Torres**, Counselor, Lecanto High School;

College of Central Florida – **Alton Austin**, Director of Enrollment Services; **Caitlin Rohrbacher**, Dual Enrollment Coordinator, CF; **Sonya Warden**, Director of Student Affairs – Citrus; **Rory Wells**, Manager of Instructional Services – Citrus.

The Committee meets annually in the spring to go over the current year’s articulation agreements and discusses changes that are required due to changes in statute or rule and any changes desired by either the school district or the college. A draft document is prepared by college personnel and sent to all members of the Committee for additional changes or approval. Once the document is in its final draft, copies are sent to the school districts to take to their School Board for approval and signatures. Once approved and signed, copies are sent to the College of Central Florida to be reviewed, approved and signed by the Board of Trustees. Signed hard copies are mailed to the school district personnel.

The Dual Enrollment Articulation Agreement is completed annually and submitted to the Department of Education by the College of Central Florida by August 1 of each year.

Citrus County Schools makes this agreement on behalf of the public schools within the County School District, which also includes the Academy of Environmental Science and PACE. Any non-traditional private or non-public schools are not part of this agreement and would need to negotiate their own dual-enrollment agreement with the College of Central Florida.

1. A ratification or modification of all existing articulation agreements.

Once the articulation agreement is signed by both boards, the agreement will be active for the upcoming academic year and will nullify all previously signed agreements. This agreement covers not only dual enrollment, but also career pathways, remediation and teacher preparation. Legislative changes that occur after the final draft of this document which impact the 2023-2024 academic year will take precedence.

2. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program.

A. References to *students* in this document mean any student enrolled in a Citrus County Public School.

- B. CF will provide information to the schools regarding requirements for participation in, and the educational benefits to be derived from, dual enrollment or other accelerated programs.
- C. The schools, in turn, will utilize printed, published, electronic, or other media to notify students and their parents or guardians of the opportunity to participate in these articulated acceleration programs. The schools will additionally provide information, using these same methods, to students and their parents or guardians, of the eligibility criteria for participation in these programs.
- D. The College of Central Florida will post application deadlines and registration dates on its dual enrollment Web page at least one term in advance.
- E. CF Admissions and Student Recruitment and Enrollment Services staff will work with district and school officials on targeted dual enrollment recruiting activities.
- F. The school will inform students needing accommodations that they must contact Disability Services at CF.

3. A delineation of courses and programs available to students eligible to participate in dual enrollment.

- A. Courses to be provided by CF under this agreement will be mutually agreed upon by CF and the Citrus County School Board, and will avoid unnecessary duplication of existing courses in grades six (6)- twelve (12). Current law allows for any course in the Statewide Course Numbering System, with the exception of developmental education courses and physical education and other courses that focus on physical execution of a skill rather than the intellectual attributes of the activity.
- B. CF will furnish each school with a copy of the current courses (<https://www.cf.edu/Courses>) with descriptions for each course in which a student may be dually enrolled. Specific courses to be provided on school campuses in Citrus County shall be mutually agreed upon by the host school district, school principal and CF.
- C. A student education plan may be developed by CF for each student registering for a dual enrollment course. The plan will ask each student to identify an educational objective with which to guide course selection. At a minimum, each student's plan should include a list of courses that will result in an Applied Technology Diploma, an Associate in Science degree or an Associate in Arts degree. If a student identifies a baccalaureate degree as the objective, the plan must include courses that will meet the general education requirements and any prerequisite requirements for entrance into a selected baccalaureate degree program.
- D. Postsecondary courses in foreign languages, mathematics, English, sciences, social studies, computer science, performing and/or visual arts, applied technology, and any other classes that comply with applicable state regulations shall be counted toward meeting the graduation requirement of F.S.1003.43. All performing fine arts courses must be taken for 3.0 or more college credit hours in order to be guaranteed .5 high school credits.
- E. Students (age 18) who wish to take college credit courses that contain a study abroad or travel component (during summer only) must receive the permission of their school principal, parent/guardian and the School District before participating. If the permission is granted, the student shall be exempt from the payment of the registration, matriculation and laboratory fees. However, the student is responsible for the full cost of travel.
- F. Students have an opportunity to participate in dual enrollment through the Citrus County School Board until they have successfully earned an Associate's degree and/or accrued sixty-seven (67) hours of college credit. The calculation of the sixty-seven (67) hours is inclusive of all college credit earning coursework.

4. A description of the process by which students and their parents exercise options to participate in the dual enrollment program.

- A. Students and the parent/guardian of students wishing to pursue participation in an articulated acceleration program must contact their school counselors to discuss admissions criteria and to obtain the necessary application information.
- B. **Application Process** Students interested in Dual Enrollment must meet with their school counselor or principal for permission to participate in the program. Students must complete the online Dual Enrollment application. The student will print the parent approval form from the email received upon submission of the application. The parent/guardian must sign giving permission for the student to participate in the Dual Enrollment program. The student must turn the form in to their school counselor along with the self-registration agreement. The student is issued a CF ID number to view their student portal for additional requirements. The student is responsible for requesting and providing the documents needed for eligibility. This includes school transcript and placement test scores (ACT, SAT, or PERT). The CF Dual Enrollment Office must receive all documentation by the posted application deadlines. Once all documents are received and processed by the CF Dual Enrollment Office, the student will receive an email stating they have been admitted to the program. If a student does not meet eligibility criteria or does not submit the paperwork by the posted deadline, the CF Dual Enrollment Office will contact the school counselor. The school counselor is responsible for contacting the student.
- C. **Orientation.** Orientation is required to register for courses. Orientation must be completed prior to the start of the term. All students participating in Dual Enrollment living in the county must complete in-person orientation on campus. Once admitted, students will be able to select a day and time to attend orientation. At orientation, students will meet with a Dual Enrollment advisor and schedule classes for their first term. Students will also be made aware of campus resources and strategies for success in the college classroom followed by a tour of the campus. Additionally, students will get their campus ID and parking decal if desired.
- D. **Registration** – Dual enrollment information will be provided to counselors by CF to better help students and parents understand the requirements, admission and enrollment procedures and benefits of program participation. Orientation is required to apply to the Dual Enrollment program and register for courses. Registration will be completed through the MyCF portal. The student must review the schedule posted on the MyCF Portal to select courses for registration each term. The counselor will assist the student in their course selection to ensure the course requirements are met for school. Once the course selection is made, the counselor will submit the list of courses for each student in the cohort to the Dual Enrollment Office and all other students will self-register. Deadlines are posted on CF's dual enrollment webpage at least one semester in advance. Priority dual enrollment registration will occur as close as possible to the dates set for regular college students.
- E. **Withdrawal Process** - Dual Enrollment students will follow the college's withdrawal policy. Students have the option to withdraw from a course(s) within the withdrawal period. The student must see their high school counselor to discuss submitting the Dual Enrollment Withdrawal form. The student will then complete the online withdrawal form. Forms must be received by the withdrawal deadline. Withdrawal notices will be sent to

the designated Citrus County staff. The student will receive a W on their transcript for the attempt in the course. If a Dual Enrollment student receives 2 or more “W” grades, he/she will no longer be eligible to participate in Dual Enrollment. Exceptions due to extenuating circumstances may be evaluated on a case-by-case basis by Citrus County Schools and the CF Dual Enrollment office.

- F. **Course Load** - Students in grades six (6) - eight (8) may register for no more than three (3) credit hours only during the fall and spring terms only. High school freshmen and sophomores may register for no more than six (6) credit hours only during the fall and spring terms only. Dual enrollment students may take up to six (6) credit hours total in the Summer semester prior to their Junior year. Juniors may take up to nine (9) college credit hours in the fall and spring semesters. Students/parents may petition the school district and Dual Enrollment Petitions Committee to enroll for up to twelve credit hours. Before the beginning of their senior year the student may take up to nine (9) credit hours total in the summer semester (no more than two (2) courses in each summer term). High school seniors may take up to sixteen credit hours in the fall and spring terms. Please refer to the student progression plan for grade level designation.

	Fall Hours	Credit	Spring Hours	Credit	Summer Hours	Credit	Total
Grades 6-8	3		3		0		6
Freshmen	6		6		6		18
Sophomores	6		6		9		21
Juniors	9		9		12		30
Seniors	16		16		0		32

- G. **Grade Distribution** - All students enrolled in dual enrollment classes will be graded on the same basis as other college students in the same courses. CF will assign letter grades to each student/course and the letter grade assigned shall be posted to the student’s school transcript by the school district. Grades will be electronically transmitted securely by CF to the district MIS/Curriculum offices for posting.
- H. **Academic Advising** – all A.A. degree seeking students must be advised by a CF meta-major advisor in the semester that they reach thirty (30) earned credit hours to learn about the requirements to complete the A.A. and any additional requirements necessary for a smooth transition into the bachelor’s degree program and institution of their choice.

5. Student eligibility requirements for participation in the dual enrollment program.

- A. An overall GPA of 3.0 on an un-weighted or 3.5 on a weighted 4.0 scale is required for college credit dual enrollment courses. An overall GPA of 2.0 on an un-weighted 4.0 scale is required for students to enroll in Career Academy or vocational certificate dual enrollment programs. CF dual enrollment career courses must lead to Industry Certification and must not be offered if made available by the Citrus County Schools. Continued eligibility for college credit dual enrollment requires the maintenance of a 3.0 un-weighted or 3.5 weighted high school GPA and the minimum GPA required by the college.
- B. The Citrus County School District shall identify those students qualified to participate in dual enrollment classes. The school principals will approve student eligibility for participation in these classes.

- C. The student must be enrolled in the Citrus County School District and must be working towards a high school diploma to participate in dual enrollment.
- D. Students must satisfy the college preparatory testing requirements in § 1008.30 Fla. Stat. (2020) and rule 6A-10.0315, F.A.C.
- E. Any combination of these test scores may be considered if taken within two (2) years of the beginning of classes for first-time dual enrollment students.
Cut scores for the three (3) placement tests are as follows:

	<u>ACT</u>	<u>SAT / PSAT</u>	<u>PERT</u>
Reading	19	24	106
English/Writing	17	25	103
Math	19	24	114

PERT 114 – Placement for MAT1033, MGF1106, MGF1107 or STA2023

PERT 123 – Placement for MAC1105, College Algebra

- F. Students enrolling in MAC1105 must achieve the following scores: ACT 25; SAT 26.5; PERT 123 Students who wish to take upper level math beyond MAC1105 must satisfy the above test requirements and take the AAF (Advanced Algebra and Functions) test and score a 270 or higher.
- G. Students must take SLS in their first year of dual enrollment
- H. Students enrolling in vocational or other programs not requiring placement testing must satisfy the dual enrollment grade point average and specific program entry requirements.
- I. Students must meet the high school assessment requirements for graduation by passing the 10th grade state-mandated ELA assessment ~~test (FSA)~~ and the Algebra 1 EOC. Concordant and/or comparative scores achieved after a student does not pass the 10th grade FSA ELA test or Algebra I EOC are acceptable. For a student who has not taken the 10th grade FSA ELA or Algebra I EOC but would be eligible for graduation and dual enrollment based on concordant or comparative scores achieved before taking the state-mandated tests, the student and parent must meet with the high school counselor and high school principal (or principal's designee) to discuss the appropriateness of such an accelerated path.
- J. Students enrolled in Advanced Placement (AP) English Literature or English Language are eligible to take courses that have ENC 1101 as a **co-requisite** during the same semester. Students who have a score of three (3) or above on the Advanced Placement (AP) English Literature or English Language examinations will be eligible to take courses that have ENC 1101 as a **pre-requisite** in subsequent semesters.
- K. Permission for participation must be granted by the student's parent/guardian.
- L. Students must have earned four (4) high school level credits for consideration for dual enrollment courses. Students have an opportunity to participate in Dual Enrollment through CCSB until they have successfully earned an Associate's degree and/or accrued sixty-seven (67) hours of college credit. The calculation of the sixty-seven (67) hours is inclusive of all college credit earning coursework. Students are no longer eligible for dual enrollment once they successfully complete 4 years of enrollment in high school or graduation, whichever comes first. Any exceptions to the requirements must be approved by both the school and college's Dual Enrollment Petitions Committee. Students and their high school counselor are notified of the committee's decision in writing within one (1) week of the meeting.

- M. Students who will graduate from high school prior to completion of the post-secondary course may not register for the course through dual enrollment. This means that high school seniors may NOT take a summer “A” course as dual enrollment.
- N. Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process (See section 12(I), Student Code of Conduct.

6. A delineation of the high school credit earned for the passage of each dual enrollment course.

- A. The Citrus County School Board will ensure that appropriate high school credits will be awarded upon successful completion of dual enrollment classes. All academic and vocational courses will correlate to the Dual Enrollment Course – High School Subject Area Equivalency List recommendations for high school credit. All other non-identified courses will be based upon successful completion of a three to five-credit hour college course to result in the awarding of 0.5 high school credit in Carnegie units. Any other non-identified college course offered at fewer than three credit hours will be ineligible for high school credit and will not constitute dual enrollment. The school district combines the science course and lab when taken to satisfy Bright Futures eligibility requirements. If the additional hour exceeds the maximum course load, the district preapproves the additional credit hour.
- B. High school credit for Post-Secondary Adult Vocational certificate classes shall be awarded based on the number of contact hours in the program of study. For each 135 clock hours in the program, a student will be awarded one (1) high school credit in Carnegie units; one-half (0.5) high school credit will be awarded for any number of clock hours between 68 and 135; and no high school credit will be awarded for any number of clock hours less than 68.

7. A description of the process for informing students and their parents of college-level course expectations.

- A. The college will supply school counselors with dual enrollment information which include application instructions to inform students/parents of the requirements, responsibilities and benefits of participation in the program. Deadline dates will be posted on the college’s DE webpage at least one semester in advance.
- B. Dual enrollment courses meet the curricular expectations and are at the same depth and rigor of non-dual enrollment postsecondary instruction, including those offered on the school campus.
- C. Students will be informed during dual enrollment orientation that they should plan to study at least two to three hours outside of class for every hour they are in the class to be successful in college level courses. In addition, dual enrollment courses become a part of a student’s permanent college transcript and are calculated into the student’s permanent postsecondary GPA.

8. The policies and procedures, if any, for determining exceptions to the required grade point averages on an individual student basis.

- A. There will be no exceptions made to the required grade point averages for academic or career dual enrollment.

9. The registration policies for dual enrollment courses as determined by the postsecondary institution.

- A. Registration for dual enrollment students will take place the same as all other students. **Registration will stop ten days in advance of the start of term to give high school counselors time to review registration. Changes must be confirmed within five days.**
- B. Dual Enrollment students will follow the college's procedures for drop, withdrawal, grade appeals and petition policies. If a dual enrollment student earns a D, F or FF grade in any course(s) during one semester, he/she will no longer be eligible to participate in dual enrollment. Exceptions due to extenuating circumstances may be evaluated on a case-by-case basis by Citrus County Schools and the CF Dual Enrollment office.
- C. The beginning and ending dates of courses offered during the regular day in the high school facilities will coincide with the CF calendar. Courses offered after the regular school day or on the college campus will be scheduled on the college's calendar. Courses taught by college faculty will follow the College's academic calendar.

10. Exceptions, if any, to the professional rules, guidelines, and expectations stated in the faculty or adjunct faculty handbook for the postsecondary institution.

All Citrus County school district employees serving as dual enrollment faculty approved to teach college courses under this agreement will annually attend a new fall faculty or adjunct orientation conducted by CF where they will receive a copy of the Adjunct Faculty Handbook, which includes the Web address of the Student Handbook detailing add/drop, withdrawal and grading policies, as well as the CF Student Code of Conduct and critical dates. These instructors are expected to adhere to the professional guidelines, rules and expectations presented in each handbook along with the district's Code of Ethics.

11. Exceptions, if any, to the rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members.

- A. The School Board shall annually assess the demand for dual enrollment and provide that information to CF for assistance in planning classes in the CF scheduling system.
- B. CF shall be responsible for ensuring that the quality of instruction provided dual enrollment students is comparable to that afforded other CF students. To this end, the following will apply to dual enrollment courses taught on high school campuses:
 - 1. Dual Enrollment faculty shall be provided with a full-time CF faculty contact or liaison in the discipline they are teaching.
 - 2. Dual Enrollment faculty shall be provided a copy of course plans, objectives and relevant CF Institutional Student Learning Outcomes. These objectives and outcomes must be included in the course syllabus.
 - 3. The course syllabus must be provided to students and filed with the CF discipline chairperson prior to the start of each term. Content of the syllabus must meet the same criteria as required for all college courses offered at CF.
 - 4. Textbooks, technology and instructional materials used in dual enrollment courses must be the same as those used in courses taught on the CF campus. They must be approved by the discipline chairperson at the college using the College Textbook Adoption form. This form must be submitted to the discipline chairperson 75 days before the start of the term.

5. For academic disciplines where a departmental exam is used, the final exam will be provided to the dual enrollment faculty by the college in a timely fashion to ensure availability prior to the scheduled administration dates. For all others, final examinations must be approved by the appropriate discipline chairperson as a comprehensive assessment of expected learning outcomes. The dual enrollment instructor should send their exam to their faculty liaison for review and approval at least three weeks before the exam delivery date.
- C. The high school principal, or his/her designee, will recommend qualified high school teachers as instructors for dual enrollment courses to be taught during the regular school day or extended school day on high school campuses. Before a course can be offered, an instructor must be deemed qualified by CF. To be qualified, faculty selected to teach Dual Enrollment classes must submit an adjunct application to their administrative contact at CF, along with their postsecondary transcripts, which will be kept on file in the CF Human Resources Office, and must be certified by CF.
- D. In the absence of qualified high school instructors, CF may provide adjunct instructors to teach dual enrollment courses on high school campuses in Citrus County, if such arrangements are approved by the Vice President for Academic Affairs and Citrus County Schools Assistant Superintendent, School Operations. In each case, once an academically qualified instructor is identified, he/she must meet all of the requirements established by the Citrus County School Board before having contact with the students. This process will be coordinated through the School Board's Chief Academic Officer and Director of Human Resources. If any change occurs with personnel teaching DE at the HS, the school principal or district HR Director will contact CF.
- E. All instructors, regardless of location must meet CF faculty credentialing requirements set by the Southern Association of Colleges and Schools (SACSCOC) Commission on Colleges' Principles of Accreditation: Foundations for Quality Enhancement, Current Edition (section 3.7.1)
- F. Citrus County School Board instructors who teach dual enrollment courses during the regular or extended school day will be evaluated by the high school administration using the district-wide evaluation instrument. These instructors shall also be observed for evaluative purposes by a CF administrator or faculty liaison. This will include following the procedures for sharing and discussing the performance assessment tool/process with those being evaluated within the first 10 working days of the instructional term; providing a copy of the performance assessment to the instructor within ten (10) working days after the observation; allowing the instructor to submit a written rebuttal to be placed with the assessment document in his/her personnel file housed in the Human Resource Office at CF; and allowing the instructor the right to inspect, review, and copy the contents of his/her personnel file. Results of CF's observation will be shared with the school and district administrator.
- G. Dual enrollment courses taught on a high school campus may not be combined with any non-college credit high school course.
- H. As is appropriate for college-level study, course materials and class discussions may reflect topics not typically included in secondary courses that some parents may object to for "minors." Courses are not to be modified to accommodate variations in student age and/or maturity.
- I. Any course-, discipline-, college-, or system-wide learning assessments required by the college in non-dual enrollment sections of a course shall also be administered in all dual enrollment sections of the course.
- J. The college shall analyze student performance in dual enrollment course offerings on high school and college campuses to ensure that the level of preparation for future success is

comparable with non-dual enrollment college students. Analyses and recommendations shall be shared and reviewed with principals and school district administrators.

- K. CF and the Citrus County School Board will design strategies for collaborative professional development to improve dual enrollment counseling and instructional efficacy, encourage teacher utilization of instructional technologies, address critical needs and issues, and support in-service initiatives.
- L. **IMPORTANT:** If a high school wants to offer 25% or more of an Associate Degree program (15 or more credits) over a two year period on their campus, they must submit a request to the Vice President for Academic Affairs at CF at least 6 months in advance to allow sufficient time for college approval and notification to SACS. If a high school wants to offer 30 credits or more (i.e., 50% of an Associate Degree program) on their campus, they must submit a request to CF's Vice President for Academic Affairs at least 9 months in advance. If approved by CF officials, the high school and school district administrators will work with college officials to create and submit a "substantive change" to SACS. Approval must be received from SACS before the additional courses on the high school campus may be advertised or offered.

12. The responsibilities of the school district regarding the determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program.

- A. Each student must be recommended by their school principal. Student screening for eligibility and participation is the responsibility of the high school principals according to district and state requirements.
- B. Their school counselor shall identify those students qualified to participate in dual enrollment classes on a semester basis and will verify their continued eligibility throughout their participation. This verification will be conducted after grades are posted each semester. The counselor will notify the college's dual enrollment coordinator when a student's eligibility status changes.
- C. The high school counselor will work with students to review dual enrollment course plans and how those plans affect high school academics and high school graduation. For questions about how dual enrollment impacts students who are pursuing an AA or AS, students should contact academic advising at CF.
- D. CF will provide academic advising services to dual enrollment students, may monitor their progress and attendance in dual enrollment classes when available, and provide grade reports upon completion of the college term to the district MIS/Curriculum offices contact.
- E. Students and their parents will be informed of college-level course expectations.
- F. Any "grade level" classification listed in this agreement is based on the School District's Student Progression Plan.
- G. Students attending dual enrollment classes held in high school facilities during regular school hours will be subject to the Citrus County attendance regulations. Students attending dual enrollment classes held in college facilities or through college online learning during or after school hours or at high school facilities after regular school hours will be subject to college attendance policies. Required documentation of enrollment will be reported to the schools and county MIS offices.
- H. Students may enroll in courses conducted during school hours, after school hours, and during the summer term. However, if the student is projected to graduate from high school before the scheduled completion date of a post-secondary course, the student may not register for that course through dual enrollment. The student may apply to CF and upon admission and special permission by the Office of Admissions, may register and pay the required tuition and fees for the summer session.

- I. **CODE OF STUDENT CONDUCT:** Students attending dual enrollment classes on the college campus will follow CF's Code of Student Conduct in terms of appropriate classroom, behavior, protocol, and academic integrity (i.e., cheating and plagiarism). Students taking dual enrollment classes on their high school campus will be subject to the current School Board of Citrus County Code of Student Conduct. If a student in the high school class is found to have plagiarized any portion of his/her course work or assignments, the instructor will notify CF's Vice President for Student Affairs and the student will be subject to the same disciplinary actions as other students taking courses on the CF campus, regardless of what disciplinary action is taken by the Citrus County School Board. If a student is disruptive to the learning process through their classroom behavior so that the progress of other students or the efficient administration of the course is hindered, a student may lose the opportunity to participate in the dual enrollment course, regardless of eligibility requirements for continued enrollment.
- J. **STUDENT RECORDS:** The parties may provide personally identifiable student records to each other in the performance of this agreement. Such records are provided pursuant to Section 1002.22(3)(d), Fla. Stat. (2020), and 20 U.S.C.A. 1232g. Each party further agrees to comply with Section 1002.22, Fla. Stat. (2020), and 20 U.S.C.A. 1232g, including but not limited to provisions related to confidentiality, access, consent, length of retention and security of student records.

13. The responsibilities of CF regarding the transmission of student grades in dual enrollment courses to the school district.

- A. Students with unsatisfactory progress reports should be counseled by the school counselor immediately upon notification by the College.
- B. All students enrolled in dual enrollment classes will be graded on the same basis as other college students in the same courses. CF will assign letter grades to each student/course and the letter grade assigned shall be posted to the student's school transcript by the school district. Grades will be electronically transmitted securely by CF to the district MIS/Curriculum offices for posting.
- C. If a dual enrollment student earns D, F, or FF grade in any course(s) during one semester, he/she will no longer be eligible to participate in dual enrollment. Exceptions due to extenuating circumstances may be evaluated on a case-by-case basis by Citrus County Schools and the CF Dual Enrollment Office. Payment for courses cannot be made on behalf of the Student or by the student while the student is in school. They must have graduated and have been admitted as regular college students to do this.
- D. If a dual enrollment student earns an incomplete grade, future registration will be removed. Once the incomplete grade is satisfactorily completed, the student can then register for the next available future term.

14. A funding provision that delineates costs incurred by each entity.

- A. In accordance with F.S. 1007.271, the School District shall pay the standard tuition rate per credit hour (\$71.98) from funds provided in the Florida Education Finance Program to CF for all dual enrollment instruction that takes place on the CF campus. There will be no additional charges to the District for these courses. Courses taken during the summer will not be charged to the School District. Students must drop courses during the add/drop period to have the cost of tuition removed. If the student later withdraws from a course, the tuition will remain and be charged to the district.
- B. If a faculty member is provided by the college to teach a dual enrollment course on a high school campus, the Citrus County School District will be required to cover the cost of that

instructor's salary for that course. For online courses taught by a CF instructor, the high school will be required to cover the cost of the instructor.

- C. Students enrolled in a dual enrollment or early admissions program shall be exempt from the payment of registration, matriculation and laboratory fees (excluding private lessons).
- D. Required textbooks and other instructional materials as defined in F.S. 1006.28 will be funded by the Citrus County School Board provided the FEFP provides funding for such expenses. The college will adhere to the requirements set forth in F.S. 1004.085 in regards to the affordability of textbooks.
- E. The Citrus County School Board shall be responsible for the inventory, recovery, reuse, and sale of textbooks and instructional materials provided under this agreement in conjunction with CF Bookstore (Barnes & Nobles).
- F. In order to be eligible for academic accommodations, students with disabilities who enroll in a course provided at a CF facility must meet the requirements established by CF's Office of Disability Services. If a student with a disability enrolls in a dual enrollment course offered at a high school facility, the high school will be responsible for determining and providing accommodations.
- G. CF will invoice the School District for costs incurred for the fall and spring semesters only. There will be no charges for the summer semester. Payment must be made by check.

15. Any institutional responsibilities for student transportation, if provided.

- A. The student will be responsible for providing transportation to and from facilities where dual enrollment classes are held or where testing labs exists.

16. For students with disabilities, a postsecondary institution eligible to participate in dual enrollment pursuant to s. 1011.62(1)(i) shall include in its dual enrollment articulation agreement, services and resources that are available to student with disabilities who register in a dual enrollment course at the eligible institution.

- A. In order to be eligible for academic accommodations, students with disabilities who enroll in a course provided at a CF facility must meet the requirements established by CF's Office of Disability Services. If a student with a disability enrolls in a dual enrollment course offered at a high school facility, the high school will be responsible for providing accommodations per CF Disability Services guidelines.

II. Mechanisms and strategies for decreasing the need for developmental education of high school graduates at CF

- A. There shall be established a "College and Career Collaborative" comprised of two representatives from each school district, the Vice President for Academic Affairs, the Vice President for Student Affairs, and the Vice President of Student Affairs and ~~Dean of~~ Enrollment Management at CF, Director of Enrollment Services, and others as the plan warrants.
- B. Initiatives include:
 - 1. Analysis of student readiness for college by administering the PERT to eligible students from Levy, Marion, and Citrus counties.

CF will provide:

- ✓ one administration of the PERT exam at no cost for students who wish to apply for participation in dual enrollment
- ✓ walk-in testing available at the college;

The Citrus County School Board will provide:

- ✓ space for testing;
 - ✓ test sites;
 - ✓ testing information to all eligible students;
2. CF will provide assessment of student readiness for college by administration of PERT to all incoming students without ACT or SAT scores. Incoming students will be required to submit PERT, SAT or ACT scores if they do not meet exemption requirements as identified by (s.) 1008.30(4) (a), (F.S. 2020). CF will accept the PERT scores from the transcripts or PERT repository.
 3. CF will provide a statistical study by districts and by schools of first time in college (FTIC) and prior year in school students needing College Prep courses.
 4. Articulation agreements will be established between Levy, Marion, and Citrus school districts and the College of Central Florida.
 5. CF advising and enrollment services staff from all campuses will meet with school counselors to provide in-service training regarding CF course requirements. School counselors are encouraged to visit CF's workforce development programs.
 6. CF will conduct a "college preview" type event for students in each of the school districts.
 7. CF will provide information about its programs and how to be a successful college student to 6th through 12th graders in a variety of formats, materials and events.
 8. Educational Opportunity Center (EOC), a federal TRIO program that serves approximately 1,000 high school & post-secondary students at educational institutions in the service area, will offer activities including individual needs assessment, individual educational plans, tutoring, career exploration, mentoring, visits to local business and industry and college campuses, motivational sessions, etc. (dependent upon grant funding).

III. Mechanisms and strategies for promoting "Career Pathways" programs of study

A. Courses and programs available to students eligible for Career Pathways

1. A Career Pathway Program of Study is a coherent sequence of rigorous academic and technical courses that prepare students for successful completion of state academic standards and support an accelerated transition to postsecondary coursework in a related career area of interest. According to the Florida Department of Education Information Data Base Requirements, Vol. 1, a Secondary Career Pathways Student is defined as "a career and technical education student who has earned three or more (high school) credits in a single career and technical education program and has participated in a locally developed Program of Study that has a written articulation agreement in place which establishes and validates the career pathway." Such is the purpose of this articulation agreement between the College of Central Florida and the Citrus County School Board.
2. Courses to be articulated by CF under this agreement will be mutually agreed upon by the college and the Citrus County School Board. Career Pathways course and program offerings will be accessible on the Career Pathways Web page of CF's Website

(www.CF.edu/careerpathways), and the Citrus County school's Website on the Career and Technical Education Web page. Alterations to this list of offerings may be made with mutual consent of the College of Central Florida and the Citrus County School Board. (See Appendices A-Y for a full list of articulated credits).

B. The process for notifying parents and students of the option to participate in Career Pathways programs

1. CF will provide information to the schools regarding the requirements for participation in, and the educational benefits to be derived from, Career Pathways or other accelerated programs.
2. The school, in turn, will utilize printed, published, electronic, or other media to notify students and their parents or guardians of the opportunity to participate in these articulated acceleration programs. The schools will also provide information, using these same methods, to students and their parents or guardians regarding the eligibility criteria for participation in these programs.

C. Eligibility criteria for student participation

1. Eligibility for participation in a Career Pathways program of study is determined by a student's enrollment in a Career & Technical Education Program of Study. A student who is defined as a "concentrator" (students earning three (3) or more courses in a CTE Program of Study) and has met the minimum academic requirements of a "B" (3.0) in the CTE Program is considered a Career Pathway student.
2. Career Pathways students who are eligible for articulated credits and desire to attend the College of Central Florida in an aligned Associate of Science degree (A.S.) program must apply for a CF student identification number and request to take an end-of-course exam for the articulated credit. Students who pass an Industry Certification on the Gold Standard Career Pathways Articulation Agreements of Industry Certification to AAS/AS Degree, are exempt from taking the end of course exam for the courses specified in Appendices.
(http://www.fl DOE.org/workforce/dwdframe/artic_indcert2aas.asp)

D. Institutional responsibilities for student screening prior to enrollment and monitoring enrolled students

1. The Citrus County School Board shall identify those students who have completed Career Pathways courses of study and are current seniors (within 12 months of high school graduation) and shall so notify the College of Central Florida.
2. CF will make available advising services to Career Pathways students, as provided to all CF students.

E. Awarding college credit for articulated Career Pathways courses

1. To receive Career Pathways credit, students must demonstrate mastery of articulated career and technical courses by earning at least an average grade of a "B" (3.0) in the CTE Program courses as indicated on their official high school transcripts. Additionally, students may also be required to pass the Industry Certification identified on the Gold Standard State Wide Articulation Agreement, an exam and/or approved

alternative assessment of work to demonstrate mastery of course material at a level acceptable to the College of Central Florida.

2. The articulated Career Pathways credits will be awarded and posted to the student's CF transcript upon acceptance to CF and his/her declaration of an A.S. program of study. The articulated CF courses will be awarded a grade of "S" and will not factor into the student's CF grade point average.
3. Statewide Career and Technical Education Articulation agreements which are based on nationally recognized industry certification support the Department of Education's Next Generation Strategic Areas of Focus (number three) effort to "expand opportunities for postsecondary degrees and certifications." Gold Standard Career Pathways Industry Certification to AAS/AS Degree Statewide Articulation Agreements based on nationally recognized industry certification does not preclude CF from granting additional credit based on the local agreement. See Appendix A for a full list of articulated credits.

(http://www.fldoe.org/workforce/dwdframe/artic_frame.asp)

F. Criteria by which the instructional quality will be maintained

The College of Central Florida will work with the Citrus County School Board personnel to provide program and related course learning outcomes, curriculum and other resources to help ensure that the quality of instruction provided the high school students in the Career Pathways articulated courses is comparable to that afforded CF students enrolled in said program.

G. Cost of Career Pathways

Students who receive Career Pathways credits shall be exempt from the payment of registration and laboratory fees for the CF courses for which they receive articulated credit at College of Central Florida

H. Program Review

1. The College of Central Florida and the Citrus County School Board personnel will, on an annual basis, review and revise the articulation agreement to keep it aligned with the most current program and course requirements. All Career Pathway programs offered by the College of Central Florida are annually reviewed and revised to accommodate and adapt to changing labor market trends and demands.
2. Upon request, the College of Central Florida will work with the Citrus County School Board personnel to develop additional articulated Career Pathways programs of study as new programs are added at the secondary and/or postsecondary levels.

IV. Mechanisms and strategies for improving the preparation of elementary, middle, and high school teachers

- A. There shall be established a consortium among CF, the CF University Center partners, and the school boards of Citrus, Marion, and Levy counties to affect collaborative methods for improving the preparation of elementary, middle, and high school teachers.

- B. Additionally, methods for providing support to the public school systems in recruiting, retaining, and recertifying teachers will be developed by the consortium members.
- C. Training programs will be developed to provide professional development to meet the needs of teacher mandates. These courses and programs will be made available to the public school systems in Citrus, Marion, and Levy counties at various times and places.
- D. The members of the consortium will promote the advantages of partnering in educational programming.
- E. The members of the consortium will work to provide a coordinated effort to develop and implement alternative certification procedures and programs for classroom teachers.
- F. The members of the consortium will work to provide a coordinated effort to develop and implement methods for state and federal mandates.
- G. The members of the consortium, in developing these programs, will strive to utilize new technologies in the training programs, to address critical needs of teachers and public school systems in implementing them, and to include both pre-service and in-service initiatives in so doing.

Accountability

This Agreement and the policies and allocation of responsibility shall be effective upon being signed by the chairpersons of the Citrus County School Board and the District Board of Trustees of the College of Central Florida, but shall be executed before registration for the fall term of the following school year. Additions and deletions may be made at any time upon the mutual agreement of CF's President and the District Superintendent. Courses of study and programs are to be incorporated into the agreement before instruction begins. This Agreement shall be valid for the 2022-2023 school year.

IN WITNESS WHEREOF, the Citrus County School Board and the District Board of Trustees of the College of Central Florida have adopted this agreement and caused it to be executed by their respective chairmen and chief executive officers in accordance with Section 1007.235, F.S., Dual Enrollment Articulation Agreements.

Appendix A
Career Pathways Articulation Agreement Between
The College of Central Florida
and School Board of Citrus County, Florida

In a continuing effort to provide opportunities for secondary school students in the Accounting Applications program to transition into the College of Central Florida's postsecondary programs listed below, the College of Central Florida agrees to award college credit to eligible Citrus County students according to the criteria delineated below. These credit hours may or may not be accepted for transfer credit by other institutions.

Secondary Program
Accounting Applications

Postsecondary Program
Accounting Technology, A.S.
Business Administration, A.S.

Citrus County
Crystal River High School
Lecanto High School

College
The College of Central Florida

I. Articulated Courses and College Credit

The College of Central Florida agrees to award college credit hours or admission points to the secondary programs listed above upon demonstration of mastery of competencies in the courses below either through Career Pathways College Credit Assessment or through Industry Certification.

- A. *College Credit through Career Pathways College Credit Assessment:* The following high school course(s) must be maintained with a "B" or better before assessment will be made to award the College of Central Florida credit hours and/or admission points:

High School Courses	CF College Courses	College Credits
Digital Information Technology (8207310) Accounting Applications 1 (8203310) Accounting Applications 2 (8203320)	ACG 201 Financial Accounting (3)	3

- B. *College Credit through Industry Certification:* Students who obtain the following industry certificate(s) will be awarded credit for the postsecondary course(s) listed below:

Industry Certification	CF College Courses	College Credits
QuickBooks Certified User (INTUT001)	ACG 2450 Integrated Accounting (3)	3

Representatives of the College of Central Florida's Career and Technology Education programs will review, at least annually, the content of the high school curriculum, as specified in this agreement, to ensure standardization and attainment of goals.

II. General Provisions

Comprehensive College Examination and Industry Certification: To receive college credit, students must meet the following criteria:

A. Have a minimum of a "B" average in the high school course(s) designated in this document and have the recommendation of the high school career and technical program instructor and permission of the parent or guardian to take a college comprehensive examination for the articulated course(s).

B. Pass the college comprehensive examination(s) approved by the Career and Technology Education programs coordinator or obtain the industry certificate(s) as listed. The high school instructor and the College of Central Florida programs coordinator will make arrangements once a year through the Career Pathways coordinator to administer the examination(s) at the College of Central Florida campus or to verify industry certification results. The high school and college faculty will identify course competencies.

Students who choose to be exempted from all or part of the examination requirements by industry certification will receive credit by experience for the class in question if all other requirements are met.

C. Students who score a minimum of 80% on the comprehensive institutional examination or obtain the Industry Certification(s) as listed will be awarded a grade of "S" and will not factor into the student's CF grade point average. A permanent college transcript will be generated. The exam results or proof of Industry Certification will be reported to the Career Pathways coordinator at CF.

D. If the credit(s) for the articulated course(s) meet A.S. degree requirements, they will be applied toward the A.S. degree. Students will not be officially admitted to The College of Central Florida until all required admissions criteria have been met.

III. Sharing of Data

The College of Central Florida and School Board of Citrus County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions. Each institution will be deemed a school official of the other for purposes of this agreement. The College of Central Florida will provide information about the sharing of data in its annual notification to students.

- B. *College Credit through Industry Certification:* Students who obtain the following industry certificate(s) will be awarded credit for the postsecondary course(s) listed below:

Industry Certification	CF College Courses	College Credits
MICRO017: Microsoft Office Master MICRO069: Microsoft Office Specialist Microsoft Excel Expert Microsoft Word Expert TAFLP001: Accredited Legal Secretary (ALS)	<u>Microsoft Office Master (MOM)</u> CGS 1100 Microcomputer Applications (3) OST 1110 Intermediate Word (3) CGS 2540 Database Management (3) <u>Microsoft Office Specialist (MOS)</u> OST 1100 Introduction to Word (3) <u>EXCEL Expert</u> CGS 2103 Spreadsheet Applications (3) <u>WORD Expert</u> OST 1110 Intermediate Word (3) <u>Accredited Legal Secretary (ALS) (8212000 ONLY)</u> PLA 1103 Intro to Paralegal Field (3)	3 to 15

Representatives of the College of Central Florida's Career and Technology Education programs will review, at least annually, the content of the high school curriculum, as specified in this agreement, to ensure standardization and attainment of goals.

II. General Provisions

Comprehensive College Examination and Industry Certification: To receive college credit, students must meet the following criteria:

- A. Have a minimum of a "B" average in the high school course(s) designated in this document and have the recommendation of the high school career and technical program instructor and permission of the parent or guardian to take a college comprehensive examination for the articulated course(s).
- B. Pass the college comprehensive examination(s) approved by the Career and Technology Education programs coordinator or obtain the industry certificate(s) as listed. The high school instructor and the College of Central Florida programs coordinator will make arrangements once a year through the Career Pathways coordinator to administer the examination(s) at the College of Central Florida campus or to verify industry certification results. The high school and college faculty will identify course competencies.

Students who choose to be exempted from all or part of the examination requirements by industry certification will receive credit by experience for the class in question if all other requirements are met.

- E. Students who score a minimum of 80% on the comprehensive institutional examination or obtain the Industry Certification(s) as listed will be awarded a grade of "S" and will not factor into the student's CF grade point average. A permanent

college transcript will be generated. The exam results or proof of Industry Certification will be reported to the Career Pathways coordinator at CF.

D. If the credit(s) for the articulated course(s) meet A.S. degree requirements, they will be applied toward the A.S. degree. Students will not be officially admitted to The College of Central Florida until all required admissions criteria have been met.

III. Sharing of Data

The College of Central Florida and School Board of Citrus County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions. Each institution will be deemed a school official of the other for purposes of this agreement. The College of Central Florida will provide information about the sharing of data in its annual notification to students.

NONE	NONE	0

Representatives of the College of Central Florida's Career and Technology Education programs will review, at least annually, the content of the high school curriculum, as specified in this agreement, to ensure standardization and attainment of goals.

II. General Provisions

Comprehensive College Examination and Industry Certification: To receive college credit, students must meet the following criteria:

A. Have a minimum of a "B" average in the high school course(s) designated in this document and have the recommendation of the high school career and technical program instructor and permission of the parent or guardian to take a college comprehensive examination for the articulated course(s).

B. Pass the college comprehensive examination(s) approved by the Career and Technology Education programs coordinator or obtain the industry certificate(s) as listed. The high school instructor and the College of Central Florida programs coordinator will make arrangements once a year through the Career Pathways coordinator to administer the examination(s) at the College of Central Florida campus or to verify industry certification results. The high school and college faculty will identify course competencies.

Students who choose to be exempted from all or part of the examination requirements by industry certification will receive credit by experience for the class in question if all other requirements are met.

C. Students who score a minimum of 80% on the comprehensive institutional examination or obtain the Industry Certification(s) as listed will be awarded a grade of "S" and will not factor into the student's CF grade point average. A permanent college transcript will be generated. The exam results or proof of Industry Certification will be reported to the Career Pathways coordinator at CF.

D. If the credit(s) for the articulated course(s) meet A.S. degree requirements, they will be applied toward the A.S. degree. Students will not be officially admitted to The College of Central Florida until all required admissions criteria have been met.

E. Students who have obtained their Certified Nursing Assistant (CNA) will be recognized for their accomplishment by receiving additional consideration when applying for the nursing program.

III. Sharing of Data

The College of Central Florida and School Board of Citrus County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions. Each institution will be deemed a school official of the other for purposes of this agreement. The College of Central Florida will provide information about the sharing of data in its annual notification to students.

The College of Central Florida and School Board of Citrus County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions. Each institution will be deemed a school official of the other for purposes of this agreement. The College of Central Florida will provide information about the sharing of data in its annual notification to students.

Early Childhood Education, A.S.

College
The College of Central Florida

I. Articulated Courses and College Credit

The College of Central Florida agrees to award college credit hours or admission points to the secondary programs listed above upon demonstration of mastery of competencies in the courses below either through Career Pathways College Credit Assessment or through Industry Certification.

- A. *College Credit through Career Pathways College Credit Assessment:* The following high school course(s) must be maintained with a "B" or better before assessment will be made to award The College of Central Florida credit hours and/or admission points:

High School Courses	CF College Courses	College Credits
Digital Information Technology (8207310) Intro to Teaching Profession (8909010) Human Growth and Development (8909020) Foundation of Curriculum and Instruction (8909030)	OST1100 Introduction to Word (Elective 3) 1339 Learning Through Play (3)	Up to 6

- B. *College Credit through Industry Certification:* Students who obtain the following industry certificate(s) will be awarded credit for the postsecondary course(s) listed below:

Industry Certification	CF College Courses	College Credits
CPREC001: Child Development Associate FLDOE001: Early Childhood Professional Certificate (ECPC) Director's Credential	<u>CPREC001: Child Development Associate</u> EEC 1921 Preschool Workshop (3) EEC 2401 Home and Community (3) CHD 1440 Practicum I (3) <u>Director's Credential (ECPC)</u> EEC 2001 Introduction to Administration in Early Childhood Education (3) <u>Director's Credential</u> EEC 2001 Introduction to Administration in Early Childhood Education (3)	3 to 12

Representatives of the College of Central Florida's Career and Technology Education programs will review, at least annually, the content of the high school curriculum, as specified in this agreement, to ensure standardization and attainment of goals.

II. General Provisions

Comprehensive College Examination and Industry Certification: To receive college credit, students must meet the following criteria:

A. Have a minimum of a "B" average in the high school course(s) designated in this document and have the recommendation of the high school career and technical program instructor and permission of the parent or guardian to take a college comprehensive examination for the articulated course(s).

B. Pass the college comprehensive examination(s) approved by the Career and Technology Education programs coordinator or obtain the industry certificate(s) as listed. The high school instructor and the College of Central Florida programs coordinator will make arrangements once a year through the Career Pathways coordinator to administer the examination(s) at the College of Central Florida campus or to verify industry certification results. The high school and college faculty will identify course competencies.

Students who choose to be exempted from all or part of the examination requirements by industry certification will receive credit by experience for the class in question if all other requirements are met.

C. Students who score a minimum of 70% on the comprehensive institutional examination or obtain the Industry Certification(s) as listed will be awarded a grade of "S" and will not factor into the student's CF grade point average. A permanent college transcript will be generated. The exam results or proof of Industry Certification will be reported to the Career Pathways coordinator at CF.

D. If the credit(s) for the articulated course(s) meet A.S. degree requirements, they will be applied toward the A.S. degree. Students will not be officially admitted to The College of Central Florida until all required admissions criteria have been met.

III. Sharing of Data

The College of Central Florida and School Board of Citrus County, Florida agree to share student educational data under conditions consistent with the Family Educational Rights and Privacy Act (FERPA). Either party may initiate requests to share data if it has a legitimate educational interest in the data. The shared information shall be used solely to benefit the Career Pathways program and students by facilitating access to and increasing educational opportunities at both institutions. Each institution will be deemed a school official of the other for purposes of this agreement. The College of Central Florida will provide information about the sharing of data in its annual notification to students.
